A clearer description of transaction terms used in account statements

This message is to make you aware of new language that will be used to describe a type of transaction in account statements and online activities:

Beginning July 22, 2013, if you cash a check and it is returned to us without being paid, the transaction will be listed on your statement as Cashed Check Returned.

This is not a new transaction type. It is simply a clearer description of this type of account activity.

Currently, a single term (Deposited Item Returned) is used to describe two types of transactions: deposited and cashed items that are returned to us without being paid.

After July 22, this term will only be used to indicate a deposited check that is returned.

All other terms and conditions for your account(s) remain the same.

Please contact your J.P. Morgan team if you have any questions or require more information

- Free non-Chase ATM usage⁽¹⁾
- No per-item fees for overdraft transfers or insufficient funds⁽²⁾

There are no changes to your account number, check routing number or debit/ATM card number. And there is no additional action for you to take. Please contact your J.P. Morgan team if you have any questions about your account.

1. Other banks' fees may apply.

2. An overdraft created by a withdrawal, debit or instruction to transfer funds from your checking account that we choose to honor will be charged at the Overdraft Interest rate we establish, currently Prime + 4%, not to exceed the maximum lawful rate.

The prime rate is published in the Money Rates section of The Wall Street Journal.

The overdraft will continue to accrue interest until it is paid in full. An overdraft may be caused by insufficient or uncollected funds. Interest on the overdraft amount will be charged on a 360-day basis and will be assessed on overdrafts regardless of amount. The Overdraft Interest charge will be made on the first business day of the month following the overdraft activity. This does not constitute an agreement on our part.

A clearer description of transaction terms used in account statements

This message is to make you aware of new language that will be used to describe a type of transaction in account statements and online activities:

Beginning July 22, 2013, if you cash a check and it is returned to us without being paid, the transaction will be listed on your statement as **Cashed Check Returned**.

This is not a new transaction type. It is simply a clearer description of this type of account activity.

Currently, a single term (**Deposited Item Returned**) is used to describe two types of transactions: deposited and cashed items that are returned to us without being paid. After July 22, this term will only be used to indicate a deposited check that is returned.

All other terms and conditions for your account(s) remain the same.

Please contact your J.P. Morgan team if you have any questions or require more information

An important change to your business checking account

As of November 1, 2013, your Chase BusinessClassic &/or Chase BusinessSelect account(s) will be upgraded to JPMorgan Classic Business Checking.

With this upgrade, you will enjoy:

- No monthly account maintenance fee
- More no-fee transactions each month: 500 free transactions, then \$0.20 for debits and items deposited; \$0.80 for credits
- Unlimited free inbound wire transfers
- Four free outbound wire transfers per month, then \$40/each manual wire, \$25/each wire sent via J.P. Morgan Online
- Higher daily cash deposit limit of \$25,000
- Free non-Chase ATM usage(1)
- No per-item fees for overdraft transfers or insufficient funds(2)

There are no changes to your account number, check routing number or debit/ATM card number. And there is no additional action for you to take.

Please contact your J.P. Morgan team if you have any questions about your account.

1. Other banks' fees may apply.

2. An overdraft created by a withdrawal, debit or instruction to transfer funds from your checking account that we choose to honor will be charged at the Overdraft interest rate we establish, currently Prime + 4%, not to exceed the maximum lawful rate.

The prime rate is published in the Money Rates section of The Wall Street Journal.

The overdraft will continue to accrue interest until it is paid in full. An overdraft may be caused by insufficient or uncollected funds. Interest on the overdraft amount will be charged on a 360-day basis and will be assessed on overdrafts regardless of amount. The Overdraft Interest charge will be made on the first business day of the month following the overdraft activity. This does not constitute an agreement on our part.

to pay any item or honor any instruction if there are insufficient balances in your checking account to cover the item(s) or transfer(s). The best way to avoid this interest charge is to maintain sufficient balances in your checking account to cover anticipated payments.
